APAS Bangkok 2018 Sponsor packages:

The 19th annual scientific meeting for APAS will be convened in Bangkok on the 6th – 8th September 2018. After a very successful meeting in Chennai we are now planning an equally academic and stimulating scientific program in one of Asia Pacific's greatest cities. Bangkok is well located centrally in the Asia Pacific region and accessible by direct flights. Its culture and exotic street food will enrich the experience for all who attend. I invite you to join us in Bangkok for what promises to be an excellent scientific conference building on the strengths of previous year's gatherings. We are hoping you will join us in making APAS 2018 a successful meeting and in advance, recognizing the enormous contribution the industry makes to medical education, we thank you for working with us in advancing the role of scientific endeavor and widespread peer education for the benefit of all our patients. Please select a suitable sponsor's package so you can join us in September 2018 and if you wish to discuss custom packages please contact me for further information.
